The road connecting Chellapalay and Mantalli referred to in his petit forms an important road connecting the Mantalli group of villages with Chellapalayam and Mettur, Salem di As such this road forms a connecting link Coimbatore District with Salem district and is only 15 miles in length Further the trade and social relatio between these two districts will be improved. Hence I submit that the same may be taken up early and favourable orders issued in this matte

S. C. Virupakshiah

To

The Hanourable Minister of
Public Works Department
Govt. of Madras
Madras

Thro' Sri S.C. Virupakshiah B.A.,
Member of the Legislative Assem
Mudigundam. Kollegal.

Respected Sir

The humble petition of the villagers of the Martahalli Group of t
Kollegal Raluk of Coimbatore District beg to submit as follows:-

We are having cultural, trade and family link and connections with the bordering villages of Salem Dt, Bhavani, Mettur Dam and the villages of Kolathur Group etc on the Salem side. At present we are being very much handicapped for want of road communications to all these villages whos we have our relations and we are often forced to go for our trade and business. There is no road link connecting the full road length. At present there is a road connecting Chellapalayam and Martahalli from 24th to 34/7 miles. From Martahalli there is a road to Mettur Dam and ab 15 miles of which is pucca Forest road, lying in the District of Coimabt The Highways Department has been planned/construct agreedto and complete the the road link by a pucca road and this has not materialised for some cau or other. So far no work has been done. We are experiencing great diffic in this regard for want of proper communications and hence we are not abl to carry on our peaceful avocations and trade without much loss of time. The connecting road upto our district border has been completed and ther remains only a distance of 15 miles in our side to be completed. This wi give a direct connection to Mettur and elsewhere. The forest road is already there and only extra work had to be done to make this road pucca. The road is even and in level ground, unlike the Kollegal-Sathyamangalam which goes through Ghats. We learn that the work was on the list but was not carried on for some reason or other.

Mettur Dam is the nearest Railway link to these villages of far off Kollegal Taluk, who are on the border of Salem Dt etc. Kollegal to Erode is 103 miles via Martahalli, Mettur, Andhiyur and Bhavani and if this rou comes into existence we will be the blessed folk, as it will relieve the lo grievance and place us in a better position and will go a long way in th advancement of the cultural civilasation of the remote villages of Kollega

Taluk

The Highwaysdepartment and the District Board Coimbatore haven't taken any interest in our welfare and hence we are now being put to lot of troubles. We are migrated people from the plains in the surr and mainly from the bordering villages of Salem Dt and the Mettur a Still we have the cultural relationship and link with our people of old native home. This road will help us and go a long way in furth advancing our heritage social status and civilsation and trade faci in all our aspects. We shall work whole heartedly to the well being berthern . If the two departments of Coimbatore District, viz the D Board and the Highways Department really put into their heads the and urgent necessity of the Road it can be accomplished in a very time. This read work of 15 miles is only a normal work and will not much time and money. This road will put us in a better position to carry on with our trade and find a good market for our products In short we hope that the Government will afford us scope to grow and play our part in the building of the Nation's wealth.

We therefore request that the two sister departments in Coimb the Highways and the Dt Board will cooperate and get this road into immediately.without any more delay.

It is therefore requested that the work of this laying of the road will be taken up early.

P. W. DCA 32

Please see the letter at p1 ante and also the petition at pp 3-4 ante.

2 ol- is presumed that the villagers of Kollegal Tk require the improvement of the Forest Dept road from Gurgaigundy to Hettur. If so it is subd the question of improving this road was considered previously by Govt and dropped vide GO 1909C A 8 6-10-51. Attention in this connection is also invited to the notes at M on pp 5-6 ns of Lodged file No 4123 A/50 PW & 24-11-51.

With these remarks the file may be transmi

Ld (E)

The notes of P.W. at page 6 and may be perused. Apparently the road referred to by the petitioners and the Mettur - Gingaigandy road, which was ordered to be postponed in G.O. (Ms) 1909 L.A. dated 6.10.51 are one and the same. The remarks of the P.W.D. Coimbatore may however be called for on the petitions. Draft order is for approval.
